

Talking About Children & Pornography Workshop

EDUCATE | EQUIP | EMPOWER | SUPPORT | PROTECT

Presented by eSafeKids, this workshop is filled with up-to-date information, real world examples, practical strategies, conversation starters, child friendly books and resource recommendations to support you.

While pornography is not new, the nature and accessibility of pornography has changed considerably.

It's not a matter of 'if' children will see pornography but 'when' and the when is getting younger.

Age and developmentally appropriate education and conversation reduces harm and improves health, wellbeing and safety.

WORKSHOP CONTENT

- Overview of pornography & sexualised media in the digital age
- Children's access and exposure to pornography
- The effect of pornography on the developing body, brain & behaviour
- Creating a safe and supportive space for education & conversation
- Specific education & conversation to support primary school aged children: social norms and gender stereotypes, growth, development, reproduction, critical media literacy, body autonomy, body safety, consent, online safety and more.
- What to do if your child is exposed to pornography
- Trusted Adults, Help Seeking & Support
- Parental Controls – Safer devices and homes
